

DESIGN GUIDE

BETH JANSEN DESIGN

Kitchens are expensive to remodel so if you're wanting a space that lasts through trends use color in your backsplash, backsplashes are an easy place to add large impact and it won't completely break the bank if you want to redo it in 5 or so years!

01

KITCHENS

02

BATHROOMS

BUST OUT THE COLOR IN THE BATHROOMS! Spare bathrooms are an easy place to get really ballsy with fun wallpaper, tile and or paint!

Your master bedroom wall that houses your bed and headboard can afford some amazing wallpaper, typically this amount of color and texture will make the room pop and you can buy accompanying colorful bedding or pillows to tie in the wallpaper!

04 EXTERIORS

Changing exterior paint colors is not easy but painting your front door and or adding colorful pots and annuals are a safe and easy way to add a spice of color to your exterior. A uniquely colored door will make your home's identity be your front door! HOW WELCOMING!

05

LIVING SPACES

In your living spaces I encourage my more fearful friends and clients to go with neutral colored sofas and add the color with colorful pillows and or accent chairs. Sofas can be largely expensive so keeping that in mind splurge on color with the throws, pillows, decor, chairs etc!

EVERYWHERE COLOR, a child's room should be a happy and feel good space, i don't believe there should be a fear or desire for timelessness. As a parent we know how fast the time goes, their rooms will evolve with their stages and rites of passage. Also, let them have a hand in it, my boys loving picking out **THEIR OWN ART.**

06

CHILDRENS SPACES

Treat them like a boutique hotel! Make your guests feel like it's an experience and a treat to be in your home. You don't have to live in this space every day so make the days and time fun for those that do spend the time!

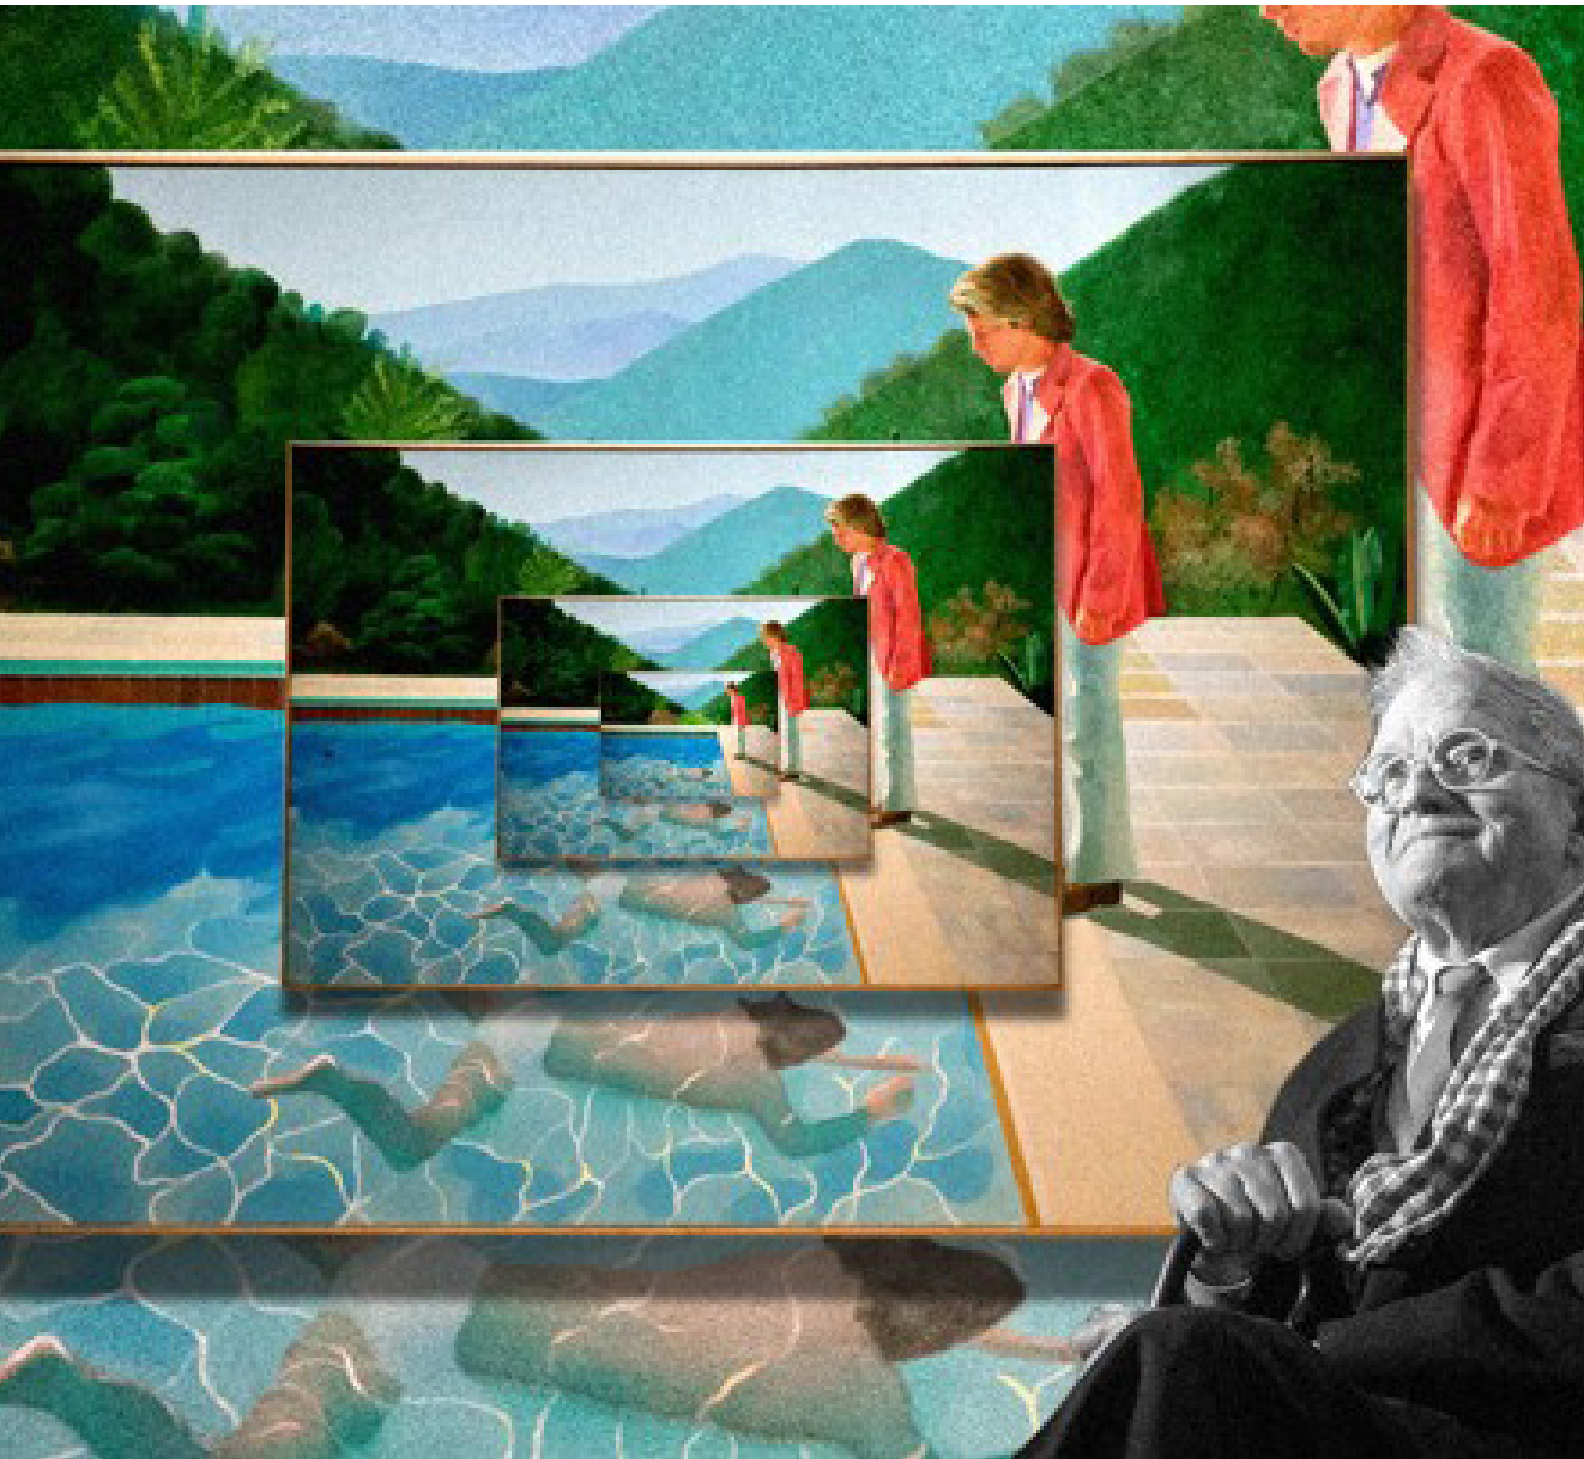

07

GUEST ROOMS

Wine bottles all look the same, make sure your wine room stands out by a colorful floor and or wallpaper or fun color on the ceiling!

TODAY I AM INSPIRED BY HOCKNEY.

BECAUSE I WAS A PHOTOGRAPHER BEFORE GETTING INTO DESIGN — I WAS INSPIRED BY ART AND THE USE OF COLOR AND MEDIUM TO CREATE DEPTH. HOCKNEY'S ART COMBINES SO MUCH DIMENSION!

MY IDEAL CLIENT IS SOMEONE WHO WANTS THEIR SPACE TO HAVE A HEARTBEAT, A SENSE OF LIVING THAT ENCOURAGES COMFORT AND A TRUE SENSE OF STYLE!

THANK YOU
FOR YOUR
INTEREST IN
MY WORLD OF
COLOR.
